March, 2023

To whom it may concern,

We, the third-year Bachelor of Science in Information Technology students from Batangas State University – TNEU – ARASOF – Nasugbu are currently taking the IT Capstone Project I course. One of the requirements of the course is to develop a system which would be beneficial to an organization or community. Currently, we are proposing a Vehicle Accident Detection Device for road awareness and safety in our municipality.

Our system project is entitled “VADD: an IoT-based Vehicle Accident Detection Device with Web System Integration”. In view hereof, we are asking for your kind assistance in our requirements gathering activity for our research. In addition, we would like to request your permission to be one of the external stakeholders/users of our system.

Should you have any concerns, please feel free to contact us at 09067048305.

Thank you very much and God bless.

Respectfully yours,

CAHAYON, JAKE ANGELO D.

MAHINAY, SHANNE MAE A.

MARASIGAN, CARL JORIZ MICKEAL S.

NOVERO, ANGELO MITCHEL D.
